The Aviation Division did not brief any Minister to respond the notice in the House. The Honourable Chairman Senate referred the matter to the Committee on Rules of Procedure and Privileges for investigation and report. The committee discussed the

matter in the meeting held on 12<sup>th</sup> January 2017. The Movers of calling attention notices and the Secretary Aviation were called in the meeting.

4. Senator Samina Abid was of view that the ATR aircraft was not able to take off as it has been learned that its one engine was out of order. She said that the crash took place due to negligence on the part of PIA.

5. Senator Sehar Kamran said that it was a matter of 48 lives. It was a serious matter but there was no Minister to respond the same in the House. She said that the poor management of PIA was giving agony to the passengers as there is monopoly of PIA and the passengers have no other option.

6. The Aviation Division informed that in anticipation of the discussion on the important issue, the Joint Secretary (Admn) alongwith a team of officers of PIA and Civil Aviation Authority briefed the Minister for Parliamentary Affairs in detail on 13<sup>th</sup> December, 2016. The committee was also informed that after getting information from the Senate Secretariat about setting down of the said calling attention notices for 22<sup>nd</sup> December, 2016, the Deputy Secretary (Admn) and Section Officer (Council) went to the office of the Leader of the House in Senate and informed about the non-availability of the Minister for Parliamentary Affairs for responding the notices. Simultaneously they contacted the staff officers of the Ministers for SAFRON and Law and Justice but both of them were also not available. A letter was written to the Secretary Senate requesting for deferment of the notices. The questions pertaining to the Aviation Division were also set down for answering on the same day i.e. the 23<sup>rd</sup> December, 2016. A request to defer those questions was also made due to non-availability of the Minister for Parliamentary Affairs on that day which was acceded to and the questions pertaining to that Division were deferred.

7. The Secretary Aviation Division, briefing the Committee on the said incident, stated that both engines of the aircraft were in good condition. The airports in hilly areas have small runways and only ATR aircrafts can take off and land on the same.
