**“QUESTIONS FOR ORAL ANSWERS AND THEIR REPLIES”**

*to be asked at a sitting of the Senate to be held on*

**Friday, the 7th October, 2022**

**DEFERRED QUESTIONS**

*[Questions Nos. 2 and 3 were deferred on 18th August, 2022 (320th Session)]*

(Def.) \*Question No. 2 **Senator Bahramand Khan Tangi:**  
(Notice Received on 29/06/2022 at 9:55 AM) QID: 39271

*Will the Minister for Interior be pleased to state whether it is a fact that a number of foreigners with particular reference to Afghani's have obtained Pakistan's CNICs and Passports during the last three years, if so, the details and reasons thereof and the steps being taken by the government to control the same?*

**Rana Sana Ullah Khan:**

1. It is informed that NADRA issues CNICs to Pakistani Nationals only. However, due to presence of a large number of illegal immigrants throughout the country, NADRA has to be extra vigilant to encounter the menace of non-nationals' inclusion in database while ensuring that only genuine citizens should be registered. In past, a few non-nationals succeeded in obtaining CNICs by providing fake documents of through connivance of NADRA employees. However, CNIC of such non-nationals are digitally impounded / cancelled as and when reported. It is pertinent to mention here that digitally impounding of CNICs is currently stopped on the directions of Islamabad High Court.

2. During last three years, 181 CNICs, issued to non-nationals, have been cancelled by NADRA. However, Cases of 8152 individuals are under process of National status verification. Moreover, NADRA has

initiated inquiries against employees involved in the illegal processing. During the period from 1st July 2021 to 30th June 2022, 279 inquiries have been initiated as per E&D Rules 2020 and 43x employees have been terminated / dismissed / removed from service.

3. NADRA has taken following initiatives to curb illegal processing:—

**a. Existing Registration Policy for fresh applicants:**

- (i) Mandatory requirement of Presence and capturing of biometrics of one of the blood relatives (parents or siblings or son or daughter of paternal /maternal grandparents).
- (ii) In case of no blood relative, presence and capturing of. Biometric of immediate relatives (paternal/maternal uncle or aunt or cousin etc.),
- (iii) Provision of any one of the documents *i.e.* birth or education certificate or domicile etc. (if any).
- (iv) Interview and verification from family tree.
- (v) In case of doubt, case is referred to verification board or verifying agency.

**b. Fresh Business Rules incorporated in last one year;**

Regular revision / updation of Registration policy / procedures by-introducing following new business rules and technical checks:-

- (x) Biometric attestation and verification system of Parliamentarians in practice since 2016 has been suspended.
- (xi) Text message to attester / verifier regarding confirmation of attestation.
- (xii) Text message to head of the family regarding new entry in the family (in case of fresh applicants).

- (xiii) Ethnic language and birth sequence check.
- (xiv) Old records where Biometrics where not available are being monitored.
- (xv) Child Registration Certificate (CRC) is being revamped by capturing photographs of all minors and biometrics of 14 and above.
- (xvi) SMS are being sent on daily basis to the citizens to renew their CNICs.
- (xvii) SMS are being sent on daily basis to citizens to obtain CNICs of minors who have attained the age of 18 years.
- (xviii) Birth proof (CBRC) has been made mandatory for CRC processing.
- (c) **Compliance / Monitoring:** SOP has been formulated to evaluate each fresh case processed across the country on daily basis. This is helping NADRA in immediately identifying any illegal / grey areas in processing.
- (d) **Formation of Steering Committee:** To analyze the cases reported by verifying agencies *i.e.* IB or ISI etc., punitive actions are taken against NADRA employees and applicants accordingly.
- (e) **Mystery Customer:** Concept is introduced to find out the grey areas.

(Def.) \*Question No. 3 **Senator Bahramand Khan Tangi:**

(Notice Received on 29/06/2022 at 9:55 AM) QID: 39275

*Will the Minister for Narcotics Control be pleased to state whether it is a fact that the number of illicit drugs manufacturers and users is increasing in the country, if so, the steps being taken by the Government to control the same?*

**Nawabzada Shahzain Bugti:**

1. Pakistan is maintaining a poppy free status since 2001, as recognized by UNODC. There are no reports of local

manufacturing and /or increase in local manufacturing of drugs.

2. The last drug survey was conducted in 2018.
3. In this regard Bureau of Statistics has been approached to conduct fresh drug use survey in the country. They are being partnered by NIPS and funded by UNODC. True picture regarding increase or decrease in the use of drug or prevalence of a particular drug among a particular strata of society, will developed based on the concrete figures collected after fresh Survey.
4. However, the government's efforts to control the menace of drugs continue. Presently there are 04 rehabilitation centers working in the country.
5. On supply side control, our Anti-Narcotics Force has made 459.5 tons seizures which has been recognized in the World Drug Report 2022 of UNODC. Thus, Pakistan's efforts continue to keep the country safe and to make the world the safe.
6. Anti Narcotic Force consists of 3600 employees out of which only 2200 are operational and maintains the law enforcement activity across the country including International borders *i.e* Iran, Afghanistan and India. In addition, ANF actively perform duties at Sea Ports, dry ports and Airports to control the drug trafficking. With the inadequate Human Resources efforts are being made at gross root level also to snub the local drug traffickers/handlers and users.
7. Furthermore, Narcotics and Psychotropic substances are being used for the manufacturing of medicine and there is a possibility that due to pilferage the same may be used for recreational activities as a drug. There is no mechanism that could monitor and collect data of those people who used such type of drugs. MNC in coordination with DRAP allocated quota of substance used for Manufacturing Narcotics and Psychotropic drugs.

**\*Question No. 60 Senator Mohsin Aziz:**

(Notice Received on 30/08/2022 at 12:06 PM) QID: 39700

*Will the Minister for Interior be pleased to state whether it is a fact that most of the markets, roads, green belts and sidewalk tracks in Islamabad, have been encroached, if so, the details of anti-encroachment steps being taken by the Capital Development Authority, Islamabad?*

**Rana Sana Ullah Khan:**

**ENCROACHMENTS IN THE MARKETS:-**

This matter is being dealt by the Directorate of Municipal Administration working under the administrative control of Municipal Corporation, Islamabad (MCI).

**ILLEGAL CONSTRUCTIONS ON GREEN BELTS AND STATE LAND OF ICT:-**

Directorate of Enforcement, CDA is vigorously undertaking anti-encroachment operations on regular basis throughout Islamabad in order to curb the illegal constructions in ICT. Continuous operations are being carried out on day to day basis 24/7 for retrieval of state land from land grabbers / encroachers.

As a result of 1142 **anti-encroachment operations** carried out across the board in the ICT during the current calendar year, **6295 illegal structures** have been demolished, whereas **10262 items** of encroachers have also been confiscated, subsequently these articles are auctioned. **\*Question No. 68 Senator Dr. Zarqa Suharwardy Taimur:**

(Notice Received on 9/09/2022 at 12:46 PM) QID: 39785

*Will the Minister for Interior be pleased to state:*

- (a) *whether it is a fact that cases of online sexual crimes / violence are increasing in Pakistan, if so, the number of such cases registered by cybercrime wing of FIA since 2018; and*
- (b) *the details of conviction rate in such cases during the said period?*

**Rana Sana Ullah Khan:** (a) With the advent of 3G/4G and other broadband technologies the number of internet users is increasing with the passage of time hence, the number of expected complaints also increased with this ever-expanding pool of cyber users. This trend is also obvious from the increasing number of complaints received at the cybercrime wing-FIA.

It is fact that incidents of online sexual crime/violence have increased in Pakistan. Year-wise details of complaints and cases registered by the cybercrime wing FIA from 2018 to date are as under:—

Number of complaints	Registered cases year-wise details	2018	2019	2020	2021	2022	Total
4898		158	223	234	425	278	1318

b) Convictions rates are as under: -

Total FIR	Convictions	Acquittal	Conviction per%	Under investigation\ under trial
1318	66	105	37	1147

- Majority of acquittal is based on the compromise of the parties
