SENATE SECRETARIAT

“QUESTIONS FOR ORAL ANSWERS AND THEIR REPLIES”

to be asked at a sitting of the Senate to be held on

Thursday, the 26th January, 2023

DEFERRED QUESTIONS

[Questions Nos. 6, 7, 8, 78, 79, 81, 82, 87, 88, 90 and 92 were deferred on 11th October, 2022 (321st Session)]

(Def.) *Question No. 6 **Senator Mushtaq Ahmed:**
(Notice Received on 22/08/2022 at 4:25 PM) QID: 39654

Will the Minister for National Food Security and Research be pleased to state:

- (a) comparative details of federal excise duty and retail prices of locally manufactured and cigarettes and imported cigarettes;*
- (b) the steps being taken for protection of local tobacco industry against the multinational tobacco companies in the country; and*
- (c) the steps being taken for enhancing the market shares of local tobacco companies in Pakistan?*

Mr. Tariq Bashir Cheema: (a) Tobacco Industry has been subjected to Sales Tax @17% on retail price. Tobacco Industry is chargeable to Federal Excise Duty (FED) in term of Sr. No. 09 and 10 of First Schedule to the Federal Excise Act, 2005. FED on cigarette is imposed on multi-tier basis on the basis of retail price since 12-06-2013. Rates of FED have been enhanced from time to time. The details of FED imposed per thousand cigarettes from 01-07-2021 are attached as **Annex-A**.

Imported Cigarettes are subject to Sales Tax @17%. FED is chargeable @ 65% of retail price (as prescribed in S.No.9 of schedule

whichever is higher) on imported cigarettes in terms of S.No.8 to First Schedule to the Federal Excise Act, 2005.

The details of retail prices of the tobacco products, the retail prices of locally manufactured cigarettes as received from top tobacco companies of Pakistan is attached as **Annex-B**.

(b) All tobacco companies either local or multinational have equal chance to indicate their requirement as per their own financial resources. M/o NFS&R and its attached department *i.e.* Pakistan Tobacco Board (PTB) does not engage in any commercial or trading activity or providing any financial support or facility to any tobacco company engaged in tobacco business. PTB provides equal opportunity to all players in the tobacco market as per law.

(c) M/o NFS&R and its attached department *i.e.* PTB has no role in allocating market share to any tobacco company either multinational or local. Every tobacco company in Pakistan, operates its business regarding sale purchase of tobacco or cigarette manufacturing as per their own resources.

(Def.) *Question No. 7 **Senator Zeeshan Khanzada:**

(Notice Received on 24/08/2022 at 3:38 PM) QID: 39382

Will the Minister for National Food Security and Research be pleased to state:

- (a) *the volume of production , consumption and shortfall of wheat in the country during the current year; and*
- (b) *the steps being taken for uniform wheat prices across the country during the current fiscal year?*

Mr. Tariq Bashir Cheema: (a) Production, consumption and shortfall of wheat during the current year is reported as:

Production	Carry forward stock	Total Availability	National Requirement	Net Shortfall
MMT				
26.389	2.031	28.42	30.79	2.37

Initially a shortfall of 3 MMT was assessed. Later on, after the re-verification of carry-forward stocks and stock position the net shortfall was reported at the level of 2.60 MMT. Source: CRS, PASSCO and Provincial Food Departments.

(b) Government is committed to announce the profitable support price before the next wheat sowing season. In this context following steps are being taken to announce a uniform support price of wheat 2022-23:

1. API has worked out cost of production of wheat crop.
2. Meeting of Wheat Board was convened on 30-06-2022 to sensitize provincial governments on the issue of support price of wheat.
3. Follow up letters were sent to provinces on 23-06-2022, 13-07-2022, 03-08-2022 and 19-07-2022, with the request to submit endorsement of their respective Cabinets.
4. API arranged a consultative meeting on wheat crop with all stakeholders.

2. Following is the reply from Fisheries Development Board, of the question No. 78 moved by Senator Seemi Ezdi Senator for onward submission to Senate Secretariat

Subject of the Question	Reply of the Question
Will the Minister for National Food Security and Research be pleased to state the current progress and steps taken so far under the Prime Minister's National Agriculture Emergency Program for the uplift of farmers across the country?	<p>Under the Prime Minister's National Agriculture Emergency Program three mega projects have been launched with a total cost of Rs. 13.7 billion in which a subsidy of Rs. 6.7 billion is being provided to fish farmers, processors, feed millers and marginalized peoples connected with the sector. These projects aim to promote aquaculture-based seafood production to ensure local supplies and surplus for export from Pakistan and to harness the untapped potential of fisheries natural resources to create livelihood opportunities and economic uplift of fish farming communities. It is anticipated that on the completion of these projects, Pakistan would be able to export farmed shrimp and fishery products with a substantial increase in the foreign exchange earnings in next five years.</p> <p>Shrimp farming is a new activity in Pakistan but have a great potential having conducive environment. The following is the current progress of the "Pilot Shrimp Farming Cluster Development Project":</p>

1. The 293 Farmers and 25 extension workers have been trained from all over Pakistan.
2. Training manual has been distributed in the farmers.
3. The civil work of Model shrimp farm at PD Khan, Punjab is under progress.
4. The civil work of Shrimp Hatchery at Daam Lasbela, Balochistan is under progress.
5. Workshops have been conducted at Karachi and Lahore on promotion of shrimp farming and export development in Pakistan.
6. Civil work for construction of Saline Water Aquaculture Research Center is in progress at Muzaffargarh, Punjab.
7. Civil work almost completed for up gradation of training center and hostels at Rawalpindi and Bahawalpur, Punjab and the building will be completed till the end of next year.

Government has initiated another project is **"Promotion Of Trout Farming In Northern Areas Of Pakistan"** under this project:

1. Establishment of 4 New Trout Fish Hatcheries in GB, AJK and KPK in progress.
2. Renovation and upgradation of 20 existing Trout Hatcheries in GB, KP and AJK in progress.
3. Establishment of Coldwater Research and Training Center in progress.
4. Establishment of New Trout Farms

(Def.) *Question No. 79 **Senator Seemee Ezdi:**

(Notice Received on 1/09/2022 at 4:58 PM) QID: 39726

Will the Minister for National Food Security and Research be pleased to state:

- (a) *the number and percentage of farmers associated with small farming in Pakistan;*
- (b) *the reported losses suffered by small farmers during the recent floods; and*
- (c) *the steps being taken for rehabilitation of small farmers affected by the recent floods?*

Mr. Tariq Bashir Cheema: (a) 90 percent of overall farmers (7.4 million) are categorized as smallholder farmers in Pakistan who own less than 12.5 acres of land.

b) Preliminary losses suffered by the farmers are around Rs.529.1 billion as reported by the provinces.

(c) The main exercise to rehabilitate the flood affected people is being done by the Ministry of planning, Development and reforms along with development partners *i.e.* World Bank, agricultural Development Bank, FAO and the UN agencies.

- M/o NS&R has proposed for distribution of wheat seeds and oilseeds to support flood affected areas. According to provincial estimates about 4.07 million acre damaged due to recent floods. Most of the damage occurred in sindh and Balochistan followed by Punjab and KPK.
- To give 100% coverage to support farmers for wheat seeds an amount of Rs. 20.54 billion will be required. It was proposed that Federal & Provincial governments will share the cost with 50:50. However, Consent of the Provinces for sharing of cost is still awaited.
- Meanwhile, Federal government has arranged Rs. 8.00 billion from its own development project for the provision of wheat seed. Mechanism for disbursement of seed is being finalized.

***Question No. 16 Senator Mushtaq Ahmed:**

(Notice Received on 20/12/2022 at 9:22 AM) QID: 40035

Will the Minister for National Food Security and Research be pleased to state whether it is a fact that recent floods in the country have adversely affected the agriculture sector which may cause wheat insecurity / shortage during the coming harvesting seasons, if so, the steps being taken for avoiding shortage of wheat during the said period?

Mr. Tariq Bashir Cheema: During the time of rainfall & flash floods wheat crop was completely harvested and stored in public premises and in open spaces in a well-organized and scientific manner. However, damage to small quantities has been reported by PASSCO and Sindh Food Department. Government is endeavoring to enhance its storage facilities to preserve the maximum quantum of wheat.

It is expected that there would be no wheat insecurity/ shortage in the country. However wheat has been imported in different quantities to maintain National Strategic Reserves.

***Question No. 19 Senator Bahramand Khan Tangi:**
(Notice Received on 23/12/2022 at 2:59 PM) QID: 39485

Will the Minister for Foreign Affairs be pleased to state the details of multilateral / bilateral agreements signed between India and Pakistan during the last four years?

Mr. Bilawal Bhutto Zardari: In the last four years, relations between Pakistan and India have been marred by a number of provocative steps by India. Presently, diplomatic relations between the two countries are limited and people-to-people exchanges are at a minimal level. Despite the current difficulties in the relationship, two agreements have been signed during the last four years:

Kartarpur Corridor - October 24, 2019

In keeping with Pakistan’s abiding commitment to facilitate religious harmony and building interfaith relations, Pakistan signed the

Memorandum of Understanding (MoU) with India to open the Kartarpur Corridor on October 24, 2019. The corridor was termed as the ‘Corridor of Peace’ by the UN Secretary General Antonio Gueterres. Nearly 5,000 pilgrims are now able to visit the holy sites on a daily basis, without the need for visa. The Kartarpur Corridor was inaugurated on November 9, 2019.

Ceasefire along LoC - February 25, 2021

Another significant bilateral understanding is the Directors General of Military Operations (DGMO) understanding of February 2021. The Understanding was announced on February 25, 2021 through a joint statement issued after consultations between the DGMOs of both Pakistan and India. Discussions were held over the established mechanism of hotline contact. Before this understanding was entered into, the two countries had a previous ceasefire understanding in 2003 which was violated by India 13,500 times, leading to the death of 310 citizens and injuring at least 1,600.

***Question No. 20 Senator Kamran Murtaza:**

(Notice Received on 29/12/2022 at 4:12 PM) QID: 40131

Will the Minister for National Food Security and Research be pleased to state:

- (a) the existing demand, consumption and production of olive oil in the country; and*
- (b) whether there is any olive cultivation policy in the country, if so the steps being taken for increasing the production of olive under the said policy?*

Mr. Tariq Bashir Cheema: (a) The existing demand and consumption of edible oil in the country is 4.042 million ton. The production of edible oil in the country is 0.471 million ton.

(b) Currently there is no olive cultivation policy in Pakistan however, Olive policy is being prepared by an advisory group constituted under the Italian funded “Olive Culture project” through consultation with the Italian and local olive experts.

The local production of olive oil still in its infancy and as per the available data, across the country, an estimated 104 tons of olive oil was produced last year and 4,321 ton olive oil was imported. As more plantations mature and start bearing fruit/olive oil production will increase exponentially.

The government is promoting olive cultivation through PSDP project namely “Promotion of Olive Cultivation on Commercial Scale in Pakistan (Phase-II). Steps taken under this project are:

- Commercialized olive farming on 75,000 acres and provision of 10.125million Olive plants to grower on 67:33 sharing basis.
- Survey and identification of wild olive pockets and top working of five million wild olive.
- Provision of Drip irrigation system on 5,000 acres- on 67:33 sharing basis in rainfed and marginal lands.
- Provision of 4 solar powered tube-wells on public lands.
- Geo Tagging and mapping of sites.
- Human resource development and training on olive culture involving youth and gender.
- Public private cooperation for oil processing and value addition.

***Question No. 23 Senator Haji Hidayatullah Khan:**
(Notice Received on 9/01/2023 at 11:32 AM) QID: 40270

Will the Minister for Communications be pleased to give the details of the collapse / damages of the roads and bridges on National Highways and action taken against the concerned contractors, consultant and responsible functionaries of NHA, and reasons for acquittal of the accused since 2015?

Mr. Asad Mahmood: No bridge structure has been damaged/ collapsed since 2015, therefore, no action has been taken against any Consultant, Contractor and responsible functionaries of NHA.

During flood 2022, about 46 bridges and 497 km length of national highways were partially damaged / collapsed due to unprecedented heavy rainfall and subsequent flash floods. In addition to this, the road damages are also caused due to combined effects of overloading, aging and weathering. The deterioration of road Infrastructure is a continuous process and the maintenance / repair / rehabilitation works are carried out through systematic approach within available financial resources.

“UN-STARRED QUESTION AND ITS REPLY”

For Thursday, the 26th January, 2023

Question No. 4 Senator Sarfaraz Ahmed Bugti:
(Notice Received on 20/12/2022 at 3:03 PM) QID: 39956

Will the Minister for Communications be please to state:

- (a) the details of the Housing societies located in Islamabad Capital Territory to which interchange and access from Sri Nagar Highway and Motorway (M-2) has been provided till now; and*
- (b) whether it is a fact that E-Eighteen, G-15, Fasil Town, New Tableeghi Markaz and H-17 have not been provided access / interchange from Sri Nagar Highway and Motorway (M-2), if so, reasons thereof and if so, the tentative deadline for provision of the said facilitation /access to the said societies?*

Mr. Asad Mahmood: (a) None of the Housing Societies located in Islamabad Capital Territory (ICT) have been granted NOC for construction of interchange and access from Sri Nagar Highway/Link Road and Motorway (M-2) till now.

(b) All the said Housing Societies/entities have not been granted NOCs for construction of interchanges from Sri Nagar Highway/Link Road and Motorway (M-2) due to non-fulfilment of the Criteria of 10-KM distance from existing Interchanges as provided in **NHA Regulations for Access from NHA Controlled Network -2019** that:

“Provided except for requirement of GOP for national interest, NHA shall not allow interchange for access to (or) from motorway/ expressway/link road within 10 KMs of an existing interchange on the motorway/ Expressway/ Link Road.”

ISLAMABAD,
the 25th January, 2023

MOHAMMAD QASIM SAMAD KHAN,
Secretary.
