

RESOLUTION NO.455

"This House recommends that the Government should make an up-to-date system for disposal garbage including establishment of sewerage treatment plants in different areas of Islamabad and also arrange for proper disposal of large quantity of poultry waste outside the Islamabad jurisdiction which runs down to Rawal Lake in Islamabad to save the people from dangerous diseases caused by garbage and contaminated water."

Moved by Senator Zeeshan Khanzada

Passed by the Senate of Pakistan on
Monday, the 8th June, 2020.

RESOLUTION NO.456

"In pursuance of the resolution of the 40th session of OIC's Foreign Ministers in 2013, the Senate and National Assembly Resolutions of 20th May, 2016 and 29th May, 2018, the House urges upon the Government to:

- (i) celebrate the 15th day of Ramazan ul Mubarak as Orphan's Day on official and unofficial level;
- (ii) launch a campaign on print and electronic media to create awareness in people to play their role in looking after the orphans in society;
- (iii) launch schemes for the welfare of orphans at district level, strengthen the institutions working for welfare of orphans and take effective steps for the better brought up and protection of orphans in the country;
- (iv) announce special incentives for the local and international NGOs working for the welfare of orphans in the country;

(v) provide scholarships and fee waiver to the intelligent orphan and abandoned children in all public and private sector educational institutions;

(vi) the Government should ensure the provision of necessary funds on monthly basis for fulfilling the needs of food, health and shelter of the orphan and abandoned children."

Passed by the Senate of Pakistan on
Monday, the 8th June, 2020.

RESOLUTION NO.457

"This House recommends that the Government should take immediate steps to appoint ambassadors of Pakistan against the 20% quota reserved for non-career diplomats.

The House also recommends that the said quota should be equally distributed amongst the provinces and preference should be given to those areas which have had lower representation/share in the ambassadorial posts, especially Balochistan, rural Sindh, Khyber Pakhtunkhwa and Punjab."

Moved by Senator Kauda Babar, Ahmed Khan, Sana Jamali, Manzoor Ahmed, Sarfaraz Ahmed Bugti, Anwaar-ul-Haq Kakar, Naseebullah Bazai

Passed by the Senate of Pakistan on Monday, the 8th June, 2020.

RESOLUTION NO.458

"The Senate of Pakistan:

Acknowledging the fact that the province of Balochistan has been endowed with vast uninhibited land that offers huge potential for production of solar and wind energy;

Showing dismay that these potentials have so far remained untapped due to overly bureaucratic procedures and lack of focus on the province. Moreover, undue delay and hindrances in approving the solar energy projects from the already allocated 3000 MW for the province, with many projects pending for approval for the last two to three years;

Expressing deep concern on the fact that the Government is not allowing the establishment of solar projects in the province of Balochistan with a rate of even Rs. 7-8, whereas similar projects in other provinces / areas have been approved at the rate of 14 cents;

the Senate of Pakistan, therefore, demands that:

(i) the Federal Government should take immediate steps for approval and facilitation of solar and wind energy projects in Balochistan on priority basis in order to better utilize the uninhabited vast land of the province which will not only create employment opportunities for the youth of the province but will also improve the economic conditions of the province as well as of the country, generate tax and non tax revenue and greatly improve energy mix situation for environment friendly, sustainable and low cost energy.

(ii) urge the Government to direct the Power Division, NTDC and CPPA to immediately approve projects of solar and wind energy in the province of Balochistan from the 3000 MW allocation, and ensure facilitation of more such projects through one-window operation by eliminating excessive documentation and procedures that severely discourage the investors and cause undue delays in setting up of such important projects in the province.

(iii) call upon NEPRA to approve tariffs for solar energy projects of Balochistan at parity with similar projects in other provinces, on urgent basis."

Moved by Senator Kauda Babar, Ahmed Khan, Sana Jamali, Manzoor Ahmed, Sarfaraz Afmed Bugti, Anwaar-ul-Haq Kakar, Naseebullah Bazai

Passed by the Senate of Pakistan on Monday, the 8th June, 2020.

RESOLUTION NO.459

The Senate of Pakistan, being the House of Federation, taking note that;-

- Officers belonging to such occupational group/services which have direct nexus with the provinces, including but no limiting to Pakistan Administrative service, Police Service of Pakistan, In-land Revenue Service, do not perform duties in the provinces during their entire term of service and yet manage to get promotions without having the experience of horizontal mobility which ensure wide experience and exposure and place; and
- remain posted on the same post , in the same province, same city, same status over three years in volition of instructions with regard to " Normal Tenure of posting" and " posting on Deputation" as provided in the ESTACODE.

Recommends that;-

- (i) Officers belonging to such occupational groups/services which have direct nexus with the provinces, including but not limiting to Pakistan Administrative service, Police service of Pakistan, In-land Revenue Service, should not be granted promotions in the

next grades till such time they have experience of serving in a province for a period of atleast three years;

(ii) Officers of all occupational groups who have completed normal tenure of three years at same post and still working shall be transferred forthwith to implement the provision of ESTACODE in letter and spirit; and

(iii) Officers/Officials working on deputation for last three years shall be repatriated to their parent departments forthwith.
